

2016 Garrett County
Outstanding Partner in Health
Award Nominee

April 15, 2016

Wisp Ski Patrol
Steve Cabe
296 Marsh Hill Road
McHenry, MD 21541

Dear Steve:

On behalf of the Steps to Better Health Committee and the Garrett County Drug Free Communities Coalition, congratulations for being nominated for the Outstanding Partner in Health Award. Although you were not selected as the finalist for the award, your nomination puts you in an elite category of Prevention Partners in Garrett County.

You were nominated for the award by Dr. Alan Arnson for your "dutiful response to injury and emergent health problems" and for your "excellent job triaging emergencies to the hospital, Urgent Care, etc." Most noteworthy is the professionalism with which the patrollers do their job, and the fact that they are all volunteers! Your efforts are recognized as setting a standard of excellence and being very worthy of recognition.

The purpose of the Partner in Health Award is to recognize and honor individuals, organizations, or businesses that have made significant contributions to creating healthier places to live, work, and receive care in Garrett County. We thank you for your part in keeping our county residents safe and for being a part of an opportunity for healthy, outdoor physical activity.

Congratulations and thank you again for your outstanding efforts in serving the health of Garrett County.

Sincerely,

A handwritten signature in blue ink that reads "Rodney Glotfelty".

Rodney Glotfelty, RS, MPH
Garrett County Health Officer
